Agile Tour Singapore

Business and Technology Conference by local Agile practitioners for Entrepreneurs, Market Leaders and Agile enthusiasts

"It is not necessary to change.
Survival is not mandatory."

- W. Edwards Deming

The world is changing swiftly and with each day the pace quickens. Business opportunities are tremendous, barriers to entry have never been so low and competition so fierce. Is your organization ready ?

In today's highly competitive environment, the pressure to improve time to market is relentless. Can you increase your team's performance, improve quality and reduce costs at the same time? Can your organization do more with less and remain highly innovative ? Is your organization making the right investments ?

Digital transformation is the largest business opportunity ever and agile approaches are the engine that power that revolution. Can larger organisations become as agile as Startups ? How can IT investments focus primarily on business ?

How do you plan to respond to change ? How agile do you want to be ? How fast do you want to get there ? Find practical solutions at Agile Tour 2015!

Across industries, teams are using agile approaches to deliver high value, high quality products; understand customer better and improve the way they work.
